

**Ministry of Education of Turkmenistan
Turkmen State Architecture and Construction Institute**

INFORMATION LETTER

The Organizing Committee of the International Scientific and Practical Conference "**Architecture - man-made art in construction**", dedicated to the 300th anniversary of the birth of the great poet and thinker of the east Magtymguly Fragi invites you to take part in the conference, which will be held on **June 4 - 5, 2024** in Ashgabat at the educational institution "Turkmen State Architecture and Construction Institute".

The conference is a scientific event in which teachers, staff, graduate students, masters and university students (in collaboration with a supervisor), independent researchers, managers and specialists of enterprises and organizations are invited to participate.

Purpose of the conference:

- promote the development and popularization of scientific knowledge in the study of historical experience and new technologies in the field of architecture, design and construction;
- attracting gifted students and young scientists to solve current scientific, technical and technological problems;
- development of scientific potential and activation of research and innovation activities of students, undergraduates, and graduate students;
- expanding scientific and practical connections and strengthening cooperation in order to exchange information, experience and achievements, including with the councils of young scientists from other higher educational institutions;
- approbation of the results of scientific research of students, undergraduates and graduate students;
- strengthening international scientific interaction between students and young scientists from different countries.

Thematic areas of the conference:

1. Architectural innovations, new materials and technologies.
2. Prospects for the development of architectural and construction education.
3. Preservation of identity and historical and cultural heritage.
4. Issues of sustainable urban development:
 - formation of a comfortable urban environment by means of landscape architecture;
 - issues of strategic urban and landscape planning and urban resilience;
 - environmental issues of the urban environment and energy supply.

Key dates:

Until **May 5, 2024**, registration of participants for the conference and submission of materials for publication

June 4 – 5, 2024 conference days.

Forms of participation in the conference (hybrid):

- presentation of a plenary report – up to 20 minutes;
- presentation with a sectional report – up to 10 minutes;
- participation in a conference without a report (publication of materials in a collection).

Presentation format: face-to-face, online.

Working languages: Turkmen, Russian, English.

Participation in the conference is free.

Within the framework of the conference it is planned:

- publication of a collection of materials;
- the conference program includes a competition of reports. A competition for the best report is held as part of the conference. Conference participants evaluate the participant's oral presentation according to the following criteria:
 - relevance and novelty of the conducted scientific research;
 - quality of presentation accompanying the report;
 - competence of the speaker (knowledge of the topic);
 - speech culture of performance.

The authors of the best reports are awarded diplomas. The diploma is sent electronically to the email address specified in the application.

Procedure for submitting materials:

– until **May 5, 2024** The application for participation and abstracts (articles) must be sent to the following email address: amanovmerdan_tsaci@mail.ru

Note: The materials of the reports are considered accepted after receiving the corresponding notification from the Organizing Committee of the conference. The collection of materials will be published by the beginning of the conference.

Articles that do not meet the design requirements will not be published.

Additional information can be obtained on the website of the Turkmen State Institute of Architecture and Construction. <https://tdbgj.edu.tm/Tazelikler/Tazelikler-177.html>

See Appendix 1 for filling out the Application form.

See Appendix 2 for requirements for formatting conference materials.
