REGULATION

on organizing and conducting the II Internet Olympiad in Cartography among students of higher educational institutions of our country

According to the tasks set in the “Concept for the Development of a Digital Education System in Turkmenistan” approved by Decree No. 340 of the President of Turkmenistan on September 15, 2017 and in the “Action Plan for Implementing the Concept for Improving the Teaching of Natural and Exact Science Subjects in Turkmenistan”, approved by Decree No. 2006 on December 4, 2020 and with the aim of identifying and encouraging gifted students, the following Regulation has been developed at the Turkmen State Architecture and Construction Institute to organize **the II Internet Olympiad in Cartography** among students of higher educational institutions of our country on November 20, 2026.

I. General regulations

This Regulation is the normative document governing the organization and conduct of **the II Internet Olympiad in Cartography** (hereafter referred to as “the Olympiad”) among students of higher educational institutions of our country, and determines the procedure for its implementation.

In a period when the educational system of Turkmenistan integrates into the global science-education space, the main objective is to identify loyal, educated, broadly minded, sharp-witted, talented and successful young people devoted to our Independent Motherland, our nation and the President of Turkmenistan.

The organizer of the Olympiad is the department of “Geodesy” at the Turkmen State Architecture and Construction Institute.

The terms and conditions of the Olympiad shall be posted in the “Announcement” section on the Institute’s website at www.tdbgi.edu.tm.

II. Purpose and objectives of the Olympiad

The Olympiad is held with the aim of assessing the quality of student preparation, reinforcing and deepening their knowledge and skills, and encouraging creative development.

The objectives of the Olympiad is:

- to strengthen friendly relations among students of higher educational institutions and exchange mutually beneficial scientific information;
- to organize joint scientific discussions among professors, lecturers and student youth of higher educational institutions;
- to understand the importance of the Cartography in training professionals;
- to encourage students' creative activity, enhance their independent work skills and develop broad-minded thinking;
- to determine the quality of students' preparation, reinforce the theoretical and practical knowledge and skills acquired during study;
- to train young specialists capable of investigating scientific and practical issues arising in production and research works;
- to identify and support talented students who can successfully represent their higher educational institution in international competitions;
- to enhance professional readiness.

III. Organizational and Methodological Support of the Olympiad

The Organizing Committee is formed to carry out the overall management of organizing and conducting the Olympiad. The members of the Organizing Committee and the jury are approved by the Rector of the Turkmen State Architecture and Construction Institute.

The Organizing Committee:

- defines the main principles for holding this Olympiad among students of higher educational institutions and carries out the organizational work related to its preparation and implementation;
- prepares proposals for determining the procedure and timeline for conducting the Olympiad.

IV. Procedure for Organizing and Conducting the Olympiad

4.1. Students studying in various specialties and programs at all higher educational institutions of Turkmenistan are eligible to participate in the Olympiad.

4.2. Each higher educational institution wishing to participate must submit information about a team consisting of no more than 5 (five) students and their supervising teacher. The information (*faculty, specialty, year of study, surname*

and first name of the students, surname and first name of the supervising teacher, department, e-mail address, and phone numbers) must be sent to tdbgikartografiya8@gmail.com by November 10, 2026.

4.3. The Olympiad will be held in an individual format, in which participants will be given 50 test questions.

4.4. The Olympiad will be held on November 20, 2026, at 15:00.

4.5. The Olympiad will be monitored through the Zoom program.

4.6. The tasks of the Olympiad will be posted in the “Announcement” section of the institute’s website — www.tdbgi.edu.tm.

4.7. Participants are not allowed to use communication devices, photo, audio, or video equipment, reference materials, data storage devices, or any means of communication during the Olympiad.

4.8. Participants must complete the questions and tasks independently. Any participant found receiving outside assistance, communicating with others nearby, or using books or Internet resources during the Olympiad will be disqualified.

4.9. The time given for completing the test questions is 90 minutes.

4.10. The jury of the Olympiad will consist of experienced teachers from the Turkmen State Architecture and Construction Institute.

4.11. The jury evaluates the works of the participants and summarizes the results.

4.12. Each participant has the right to submit an appeal or complaint. However, appeals can only be submitted to the jury by the team supervisor via e-mail.

4.13. Appeals are reviewed by the jury, and the final decision is made by the head of the jury. This final decision is not subject to revision.

V. Procedure for Determining and Awarding the Winners of the Olympiad

5.1. The Olympiad will be scored on a 100-point scale, and the winners will be determined based on the total number of points accumulated. The results will be recorded in both individual and team categories.

5.2. The number of winners is determined depending on the number of participants, meaning 5% will be awarded 1st degree diplomas, 10% - 2nd degree diplomas, and 15% - 3rd degree diplomas.

5.3. The results of the Olympiad will be formalized through statements, and the list of winners will be approved based on the decision of the jury.

5.4. Information about the Olympiad winners will be posted in the “Announcement” section of the institute’s website: www.tdbgi.edu.tm.
